

Axonal and demyelinating peripheral neuropathy: *n* symptoms and events, VAERS, 2024.08.30, v32.5

	COVID19*	<i>n</i> events	Non-COVID19	<i>n</i> events
1	Guillain-Barre syndrome	3652	Guillain-Barre syndrome	4212
2	Neuralgic amyotrophy	757	Neuralgic amyotrophy	212
3	Small fibre neuropathy	486	Chronic inflammatory demyelinating polyradiculoneuropathy	145
4	Chronic inflammatory demyelinating polyradiculoneuropathy	292	Miller Fisher syndrome	126
5	Miller Fisher syndrome	167	Demyelinating polyneuropathy	112
6	Demyelinating polyneuropathy	161	Axonal neuropathy	40
7	Myelin oligodendrocyte glycoprotein antibody-associated disease	78	Small fibre neuropathy	34
8	Axonal neuropathy	43	Anti-myelin-associated glycoprotein antibodies positive	10
9	Axonal and demyelinating polyneuropathy	32	Multifocal motor neuropathy	9
10	Acute motor-sensory axonal neuropathy	31	Acute motor axonal neuropathy	8
11	Acute motor axonal neuropathy	30	Autoimmune demyelinating disease	6
12	Subacute inflammatory demyelinating polyneuropathy	22	Acute motor-sensory axonal neuropathy	3
13	Multifocal motor neuropathy	14	Subacute inflammatory demyelinating polyneuropathy	2
14	Anti-myelin-associated glycoprotein antibodies positive	14		+ _____
15	Autoimmune demyelinating disease	12	Total	4919
16	Hereditary motor and sensory neuropathy	11		
17	Anti-myelin-associated glycoprotein associated polyneuropathy	8		
18	Lewis-Sumner syndrome	4		
		+ _____		
	Total	5,814		
	*Includes COVID19-2 (bivalent formulation)
